REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art fails to teach or fairly suggest the series of features, particularly the extension arms projecting substantially horizontally outward from the side edge and a gantry press being sized and arranged relative to the truss set-up table for pressing connectors into truss members supported on the extension arms.

Accordingly, claims 1-18 and 23, are allowed.
